

THE FOUNDATION

CASSA DI RISPARMIO DI PADOVA E ROVIGO

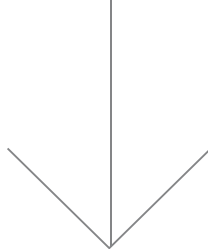

ABSTRACT

Fondazione

Cassa di Risparmio di Padova e Rovigo

THE FOUNDATION: WHO AND WHAT?

The Foundation is a non-profit organization that for the last 20 years has been working **to promote the quality of life and the sustainable development of the territory of Padua and Rovigo**. It is inspired by a vision of an open, cooperating community aiming at innovation. It pursuits these goals with **two different kinds of activities**:

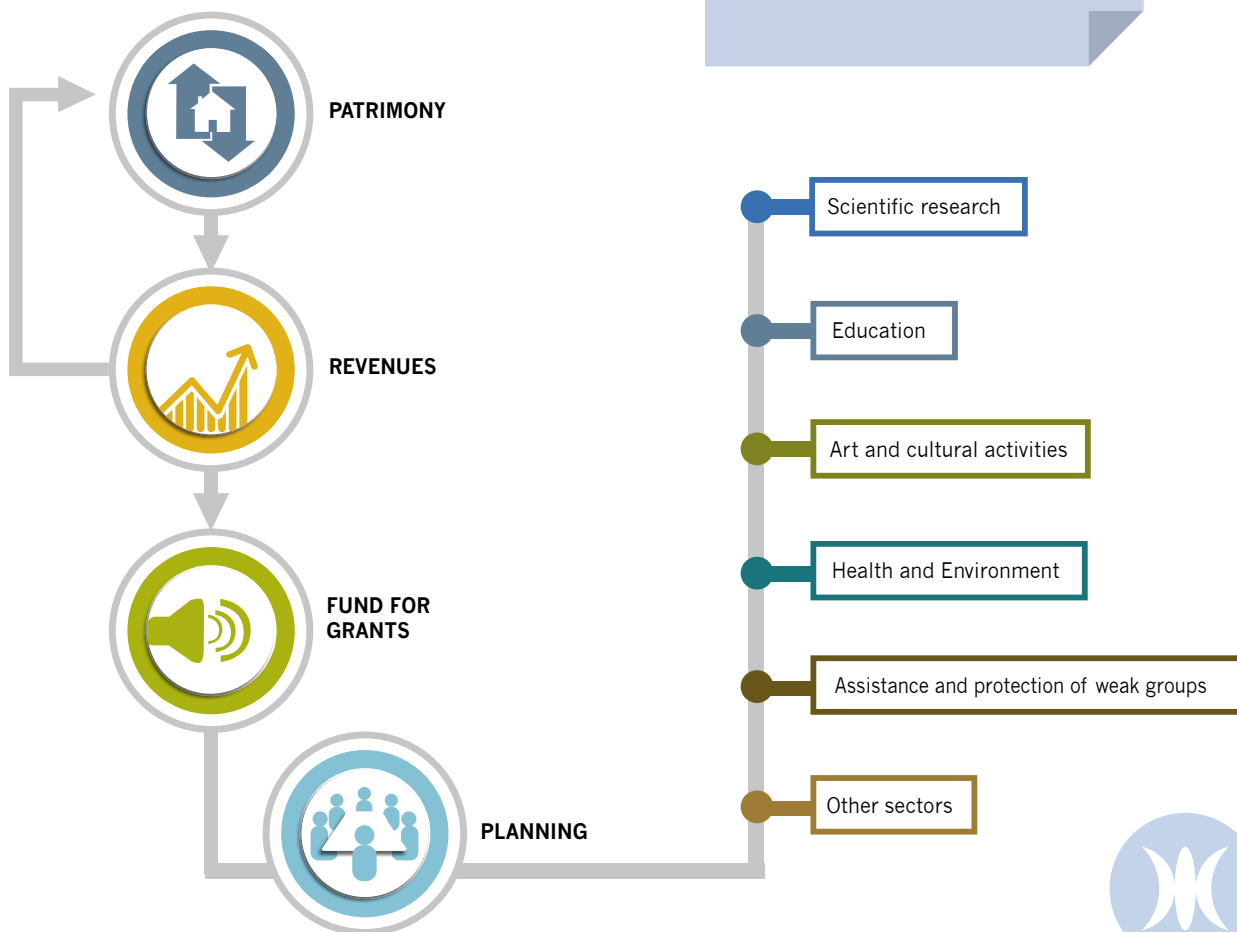

1

It invests its big patrimony – over **1,7 billion** euros – to produce income

2

It uses the produced income to:

- safeguard and increase its patrimony;
- **support, promote and plan projects mainly in the fields of scientific research, education, art and cultural activities, health and environment, assistance and protection of weak groups.**

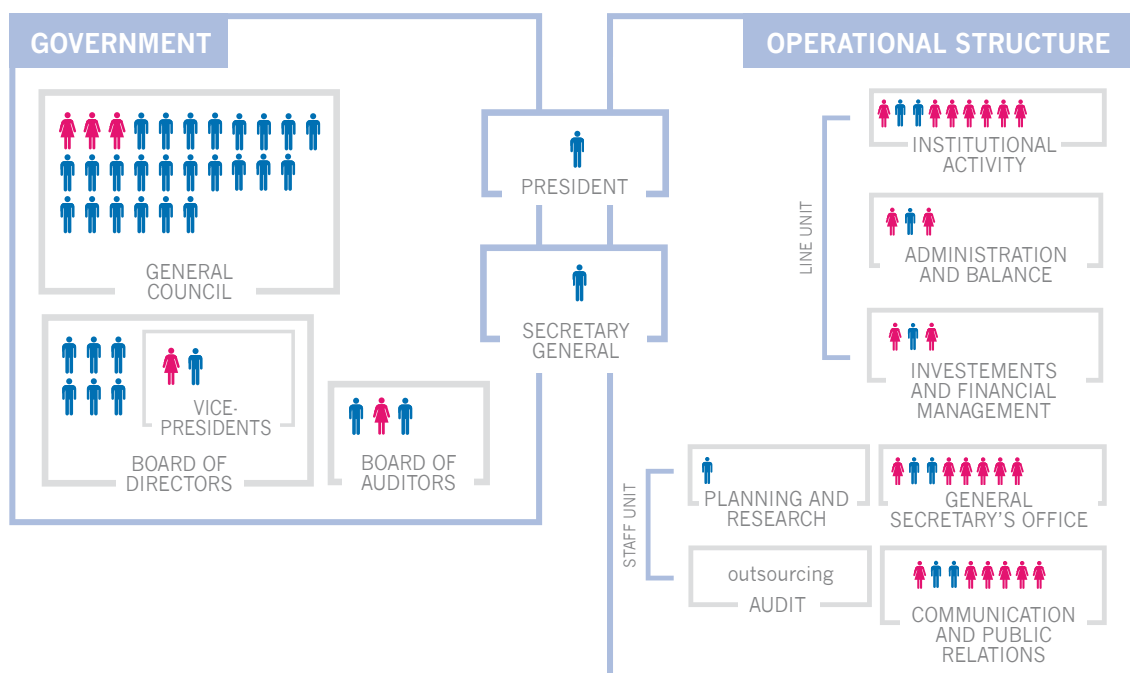

THE FOUNDATION: WHO AND WHAT?

The **government** and **control** of the Foundation are exercised by **5 corporate bodies**:

- The General Council
- The President
- The Board of directors
- The Board of auditors
- The Secretary General

32 members work at the Foundation

CORPORATE ANNUAL REPORT

Every year the Foundation drafts the **Corporate Annual Report**, a document in which all the activities carried out in the very last year are reported in details.

The Corporate Annual Report can be looked up in the website:

<http://bilanci.fondazionecariparo.it>

A paper copy can be requested sending an e-mail to

comunicazione@fondazionecariparo.it

HOW DOES THE FOUNDATION WORK?

1

It disburses grants to non-profit organizations to support the carrying out of projects and initiatives **by selecting among the demands** that it receives:

- In response to the publication of its own ban by which it solicits the submission of projects in specific fields of support actions.
- Without any specific request.

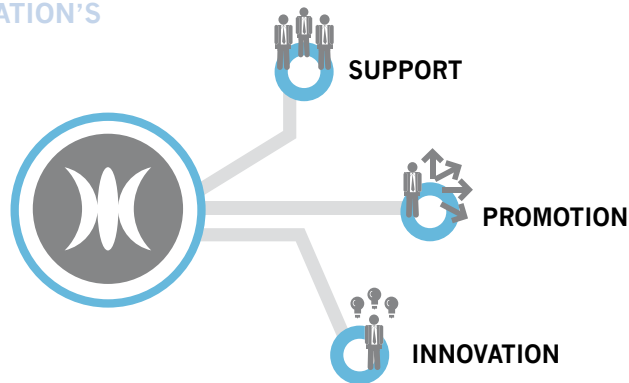

2

It carries out projects developed independently ("Its own projects") that in some cases are managed directly by the Foundation personnel while in other cases are carried out in collaboration with other organizations.

All these activities are carried out on the basis of the goals and strategies defined in the Long-term Programmatic Report and in the Annual Programmatic Report.

These documents can be looked up in the website www.fondazione cariparo.it

THE FOUNDATION'S ROLES

It supports projects submitted by third parties that have a positive impact on the community

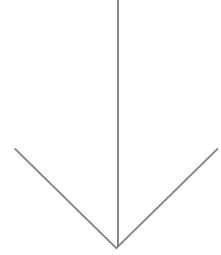

It promotes innovative projects selected on the basis of merit or needs criteria by encouraging the involvement of external parties

It tests new approaches to social problems (either expressed or latent ones) by adopting innovative tools that otherwise couldn't be experimented

WHO CAN APPLY FOR A GRANT?

In order to benefit from a grant it is necessary to:

- **have legal status** or be a member of the following registers:
 - **Regional Register of voluntary Organizations**
 - **Register of Social Promotion Associations**
 - **Register of amateur sports societies and associations** set up at the CONI – Italian National Olympic Committee.
- **be a non-profit organization;**
- **operate permanently in the areas** of intervention of the Foundation and, particularly, in those ones which the support is directed to.

On the contrary, the following categories **can't obtain grants**:

- **Individuals** (except for scholarships, for research and the like, which have to be awarded through competitions and a selection made by special committees);
- **Parties, political movements, trade unions or charitable institutions and trade associations.**

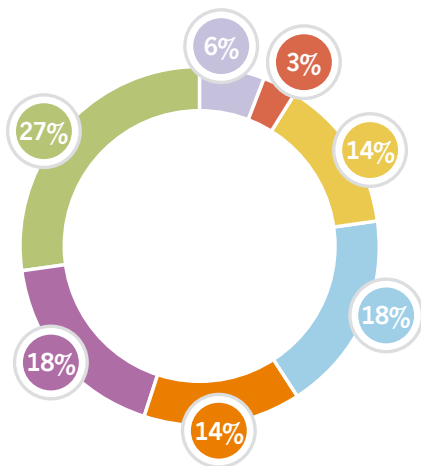

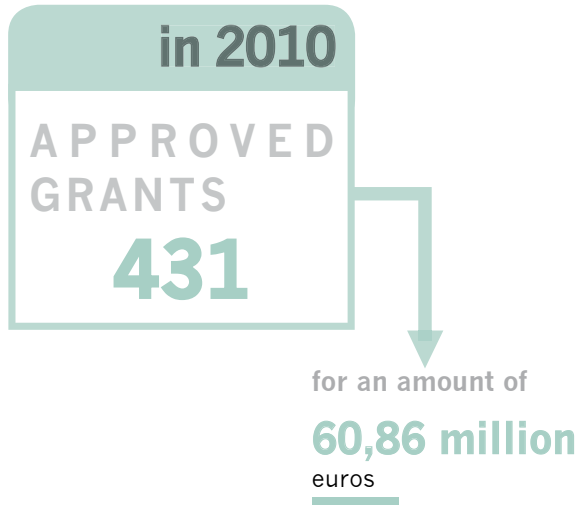

HOW TO APPLY FOR A GRANT

- By participating in the **competitions**
- By sending a formal request checking that the project for which the contribution is requested **for is consistent with the guidelines** contained in the Annual Programmatic Report. This document can be looked up in the website www.fondazioneCARIPARO.it;

This project was intended to be a collection point for information about the Po Delta in order to devise and plan cultural, social and economic interventions of territorial redevelopment

Purchase of innovative medical fixtures

The purchase of big equipments for the hospitals of Padua and Rovigo:

- Simultac
- Magnetic resonance “with open magnet”
- PET/RM – tomography and emission of positrons/ magnetic resonance

WHAT IT IS PLANNING TO DO IN 2011

Disposable resources:

8.000.000 million euros

Guidelines for Health:

- supporting actions and interventions addressed to the prevention, research and treatment of those illnesses which are the main causes of death in the territory, by paying particular attention to the ones concerning the cardio-circulatory system;
- carrying on with the support to the activity of oncological screening;
- fostering a better efficiency of services and sociomedical facilities so as to increase the quality of performances, an improvement that could be achieved also through the purchase of specific clinical equipments;
- stimulating and supporting outstanding research in the biomedical sector.

Guidelines for Environment:

- contributing in reducing the level of air, water and environmental pollution in the area;
- fostering higher awareness in the citizens towards environmental matters by encouraging the adoption of virtuous behaviours;
- enhancing the value of natural parks, promoting the characteristic qualities of local agriculture and protecting the biodiversity of the territory.

WHAT DID THE FOUNDATION DO IN 2010 AND WHAT IS IT PLANNING TO DO IN 2011?

ASSISTANCE AND PROTECTION OF WEAK GROUPS

THE MISSION

The Foundation aims at encouraging the all-round self-fulfilment of the individual and his/her complete social integration, by promoting the best conditions for his/her independence (decision-making, psycho-physical, economic and social ones) in a background of oneness and cooperation.

WHAT IT DID IN 2010

Approved grants:

16.590.839 million euros

Some financed projects:

Project for the Social World

“Socialization” Project

Project for the Support of Disabled people

“Integration” Project

Three bans that allowed the Foundation to carry out 68 projects which foster social integration by promoting the independence of those people who live or could live in conditions of alienation

Emergency Interventions

- Emergency in Veneto
- Emergency in Abruzzo
- Emergency in Haiti
- Interventions in support of those populations damaged by dramatic events at a national and international level

Project for Early Childhood

A ban that aimed at improving the educational facilities for early childhood. It allowed the Foundation to build 53 facilities and carry out 66 purchases of goods and fixtures

Initiatives supporting the NGO of Padua that operates in order to defend the fundamental human right to Health.

- A training programme for medical and nursery staff in Beira (Mozambique)
- Initiatives to celebrate the 60th anniversary of the birth of Cuamm - Doctors with Africa

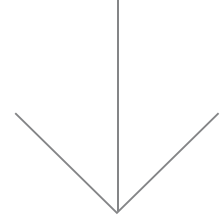

WHAT IT IS PLANNING TO DO IN 2011

Disposable resources:

13.000.000 million euros

Guidelines:

- fostering a permanent and qualified working placement;
- involving young people and teenagers in projects which can help them to develop their own abilities and talents, by contrasting any kind of deviance or social isolation;
- supporting assistance and encouraging the process of social integration of people living in conditions of alienation (immigrants, poor and old people, etc.);
- fostering assistance programmes that can keep the users in their own environmental background and assure them the best conditions of self-sufficiency (home care services);
- continuing to uphold housing autonomy and to foster the right to housing;
- identifying, promoting and supporting paths of personal independence and of self-responsibility;
- supporting “family” whose role is fundamental both for the growth and the development of the individual and for his/her care and assistance;
- promoting philanthropy, participation and social cohesion by fostering the growth of active and responsible citizens.

WHAT DID THE FOUNDATION DO IN 2010 AND WHAT IS IT PLANNING TO DO IN 2011?

OTHER SECTORS

Sport, Civil Protection, Food Safety, Quality Agriculture

WHAT IT DID IN 2010

Approved grants:

2.028.300 million euros

Some financed projects:

Project SportivaMente

It is the greatest Italian project for initiating young people into sport by supporting the activity of youth sports societies, by organizing sports events and promoting sports training in schools

WHAT IT IS PLANNING TO DO IN 2011
